CUTISOFT

(VANILLA)

Section 1 – Identification of the Substance/Preparation and of the Company

Product Name: CUTISOFT (VANILLA) Chemical Name: Family Name: : Product Use: APPLICATION AFTER NAIL POLISH Product No. NAIL CARE	MSDS Prepared By: JBD Supplier: Impression Beauty International U.A.E. Emergency Phone Numbers: (800-255-3924 or 813-248-0585) (Please quote the MSDS number) Information Contacts: (971) 67453254/5
---	--

Section 2 - Hazard Identification

◆ **DESIGNATION OF HAZARD**

Based upon our present knowledge properly handled the product presents no danger.

◆ **EFFECTS OF OVEREXPOSURE**

Cause eye irritation. Causes skin irritation.

◆ **OTHER EFFECTS OF OVEREXPOSURE MAY INCLUDE**

No known effects.

◆ **PRIMARY ROUTE(S) OF ENTRY**

Inhalation, skin contact, eyes.

◆ **MEDICAL CONDITIONS THAT CAN BE AGGRAVATED**

NA.

◆ **CHRONIC HEALTH HAZARDS**

◆ **REPEATED OVEREXPOSURE TO THIS PRODUCT MAY CAUSE**

In accordance with 29CFR1910.1200, this product contains no ingredients listed by NTP, IARC or OSHA as carcinogenic.

Section 3- Composition/Information on Ingredients

◆ **HAZARDOUS COMPONENTS**

No hazardous ingredient

Section 4- First Aid Measures

◆ **SKIN CONTACT**

Remove contaminated clothing and wash before reuse. Remove and destroy contaminated shoes. Flush with plenty of water.

◆ **INHALATION**

Remove to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get medical attention.

◆ **INGESTION**

Get medical attention **IMMEDIATELY**.

EYE CONTACT

◆ Immediately wash the eyes with plenty of water for at least 10 min holding the eye open. Obtain medical attention urgently.

Section 5- Fire Fighting Measures

EXTINGUISHING MEDIA

Foam, Carbon Dioxide or Dry Chemical.

Unusual Fire and Explosion Hazards

During emergency conditions, overexposure to decomposition products may cause a health hazard ; symptoms may not be immediately apparent.

CUTISOFT

(VANILLA)

Special Fire Fighting Instructions	Water may be ineffective in fighting fire. If water is used to cool closed containers to prevent pressure build-up, fog nozzles are preferred. Full protective equipment, including self-contained breathing apparatus is needed to protect firefighters from exposure to coating's hazardous ingredients and hazardous decomposition products
---	--

Section 6- Accidental Release Measures

STEP TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED	Wear appropriate safety equipment as listed in Section 8. Absorb on inert material and dispose of as below
WASTE DISPOSAL METHODS	Dispose in accordance with FEDERAL, STATE and local regulations. Incineration is the preferred method of disposal.

Section 7- Handling and Storage

◆ **PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE**
 Store in well-ventilated area. Keep containers closed when not in use. Store away from ignition sources. All equipment should be grounded. Avoid strong oxidizing agents, store in a clean, dry area.

Section 8- Exposure Controls/Personal Protection

◆ **EXPOSURE LIMITS**
 No Data

◆ **PERSONAL PROTECTION**

◆ **VENTILATION**
 Sufficient ventilation must be provided.

◆ **PROTECTIVE GLOVES**
 Chemical resistant protective gloves should be worn when handling this product. Check with glove manufacturer to determine proper glove type.

◆ **EYE PROTECTION**
 Splash-proof chemical goggles should be worn.

◆ **OTHER PROTECTIVE EQUIPMENT**
 Impervious clothing and boots should be worn. Eye bath and safety shower should be provided.

◆ **HYGENIC PRACTICES**
 Good personal hygiene practices are required at all times when handling chemicals. These practices include, but are not limited to, washing when safety equipment is removed, at the end of each shift or when going on breaks and especially if contamination occurs.

Section 9- Physical and Chemical Properties

FORM	: Liquid
COLOUR	: Yellowish

Material Safety Data Sheet

MSDS#:

CUTISOFT
(VANILLA)

PERFUME	: Vanilla
BOILING POINT	: > 100°C
SPECIFIC GRAVITY	: 1.000 – 1.040
FLASH POINT	: > 100°C
pH	: > 12
SOLUBILITY IN WATER	: Soluble

Section 10- Stability and Reactivity

- ◆ **Material is STABLE** under non-emergency conditions.
- ◆ **Material WILL NOT** undergo hazardous polymerization.
- ◆ **HAZARDOUS DECOMPOSITION PRODUCTS**

Methane, oxides of nitrogen. Carboxylic acids, various hydrocarbons, oxides of carbon, aldehydes, hydrogen cyanide, acids.

- ◆ **MATERIALS TO AVOID**

Sodium hydroxide, nitric acid, oxidizers, acids, alkali, metal, amines.

Section 11-Toxicological Information

- ◆ **No DATA**
- ◆ **INGESTION**

No disastrous effect is normally suspected.

- ◆ **INHALATION**

No disastrous effect is normally suspected.

- ◆ **CONTACT WITH THE SKIN**

Prolonged contact can cause irritation of skin.

- ◆ **CONTACT WITH THE EYES**

Can cause irritation of the eyes. Can cause injury of the cornea.

Section 12 - Ecological Information

ECOTOXICITY: No data

No known adverse effects foreseeable from the raw materials at their concentration.

Section 13 - Disposal Considerations

Incinerate in a furnace where permitted under national and local regulations

Section 14 – Transport Information
Internal Transport Regulations
LAND – ROAD/RAILWAY: This product is not classified according to ADR/RID.
INLAND WATERWAYS : This product is not classified according to ADNR.
SEA : This product is not classified according to IMDG.
Marine pollutant: No
AIR: This product is not classified according to IATA
Section 15 – Regulatory Information
Obligation of labeling for this product: contain alkali
Avoid contact with eyes: can cause blindness
Keep out of reach of children
Section 16 – Other Information

DISCLAIMER

While, iBi believes that the data contained herein are accurate and derived from qualified sources, the data are not to be taken as a warranty or representation for which iBi assumes legal responsibility

They are offered solely for your consideration, investigation and verification. Any use of these data information must be determined by the user to be in accordance with applicable Federal, state and local laws regulations

iBi requires all Customers who receive this Security Data Record to study it carefully in order to be informed of any dangers presented by the product. As far as security is concerned, the Customer should:

Inform his employees, agents and sub-contractors of information contained in this form.

Supply one copy of this form to each one of its own customers for this product.

Ask for these same Customers to inform in turn their own Employees and Customers.
